

Scientific Seminar

Dear colleagues!

We invite you to attend the scientific seminar that will be hosted by ITMO University on 16 May at 16:00.

The seminar is organized by Modern Functional Materials Chair, Light Technologies and Optoelectronics Chair, International Research Center of Functional Materials and Devices of Optoelectronics and Electronics.

Speaker: DSc. Irina Hussainova, Professor, Tallinn University of Technology and University of Illinois.

Subject: Electroconductive metal oxide ceramic composites.

Language: English.

Meeting place:

191002, Russia, St. Petersburg, Lomonosova st. 9, Room 1221.
