

Scientific Seminar

Dear colleagues!

We invite you to attend the scientific seminar that will be hosted by ITMO University on 2 June at 16:00.

The seminar is organized by Modern Functional Materials Department, Light Technologies and Optoelectronics Department, International Research Center of Functional Materials and Devices of Optoelectronics and Electronics.

Speaker: Dr. Vladimir N. Stokov, Beamline scientist of the ADRESS beamline/soft-X-ray ARPES, Paul Scherrer Institute, Switzerland.

Subject: k-resolved electronic structure by soft-X-ray ARPES: from 3D materials to heterostructures and impurities.

Language: English.

Meeting place:

191002, Russia, St. Petersburg, Lomonosova st. 9, Room 2107.
